## PERSONAL PROFILE

An individual with a design background, adept at crafting visually captivating and user-friendly websites. Proficient in HTML, CSS, and JavaScript, and skilled in leveraging frameworks such as React to build seamless and impactful web experiences. I am actively seeking front-end development opportunities in order to gain practical experience, enhance technical skills, contribute to innovative projects and drive exceptional user interactions.

## KEY SKILLS

- Proficient in CSS3, HTML5, JavaScript.
- React, Bootstrap, GitHub, Git, Figma, and Responsive Web Design.
- Basic understanding of back end technologies such as NodeJS, MongoDB, Restful API and ExpressJS.
- Strong interest in cloud-computing and Artificial Intelligence.
- Microsoft Office Suite (Word, Excel, PowerPoint, Outlook, Microsoft Teams).
- Meticulous attention to detail, ensuring accurate work.
- Efficiently managing multiple tasks concurrently, maintaining organization and productivity.
- Exhibits adept problem-solving through innovative and analytical thinking.
- Demonstrates strong resilience by adapting positively to challenges and maintaining focus.
- Promotes teamwork through collaborative communication and active contribution.

## WORK EXPERIENCE

**Design Technician** (Jan 2020 – Mar 2022)
*Crown Roofing & Cladding Ltd – Dublin, Ireland*

- Produced detailed 2D technical diagrams for various architectural elements. This included utilizing CAD software for precise representations and layouts.
- Managed and organized a variety of technical documentation. This involved meticulous record-keeping and file management.
- Collaborated closely with suppliers to acquire vital technical data crucial for project development while also overseeing the design of tapered insulation schemes to enhance overall performance.
- Coordinated the handling of drawings and document submissions through various Common Data Environments. This experience in managing digital assets highlights effective digital project management skills.
- Pursued continuous learning and professional development through educational courses, supplier CPD, and coaching/mentoring provided by Managers and Directors. These reflects a commitment to improving technical skills and staying current in a rapidly evolving field.

**Junior AutoCAD Technician** (Jan 2019 – Jan 2020)
*Empire Roofing Ltd – Dublin, Ireland*

- Generated detailed 2D technical drawings using AutoCAD, with a focus on precision, for the installation of Kingspan roof panels and waterproofing systems.
- Analysed and interpreted structural steel drawings to ensure seamless integration with roof panels. This required meticulous attention to detail and precision to guarantee accuracy.

**Hospital Canteen Catering Assistant** (Sep 2017 – Jan 2019)
*The Noel Group – Dublin, Ireland*

- Delivered exceptional customer service within the fast-paced hospital catering environment, ensuring prompt service during breakfast and lunch hours.
- Demonstrated strong competency in English and the ability to interact with customers. Exceptional communication skills and self-awareness were key elements in providing top-notch service.

**Housekeeper & Assistant Accommodation** (Oct 2015 – Sep 2017)
*The Noel Group – Dublin, Ireland*

- Thrived in a fast-paced environment, addressing requests from guests and in-house departments while also managing housekeeping duties. This experience required excellent time management and adaptability.
- Demonstrated exceptional customer communication and interaction skills, upholding high service standards. This involved professionalism, a strong customer-focused approach, and adaptability to meet various guest needs.

**Interior Design Technician** (Jun 2010 – Jan 2015)
*Veggas Design Solutions – Brasília, Brazil*

- Proficiently created detailed 2D drawings and 3D images for carpentry manufacturing, utilizing relevant software for precision and visual representation.
- Ensured the successful implementation of projects through effective communication, meticulous attention to detail, and a strong dedication to customer satisfaction. This involved listening to client needs and delivering quality results.

## EDUCATION AND TRAINING
